## recommandations

*"During 2.5 years, Sébastien was acting as a real co-founder, involved in crucial decisions, resolving complex issues for our roadmap, our services and our infrastructure. Thanks to his amazing work and involvement, HyperWeek succeeded to deliver on time, reduced support to maximum, improved its processes. Mastering accounting too."*

**Raphaël Briner** – Founder, Hyperweek

*"Having worked closely with Sébastien for more than 2 years at HyperWeek, I can say he's an expert of Python and the Django web framework, of which he was an early adopter. He's also got excellent DevOps skills. In a short period of time he greatly consolidated the web application stack and built a robust infrastructure which is now running dozens of clients' projects (most of them extensively using Amazon Web Services).*

*Sébastien is also a great team player and often raises interesting points which help make a better product. He definitely brings much more than technical expertise to a project.*

*I would warmly recommend him to anyone looking for an experimented and talented software developer or architect."*

**Julien Mouille** – Web Designer & Developer, Hyperweek

*"J'ai recruté Sébastien dans le cadre du développement de la Marketplace de Rue-DuCommerce. Je recherchais alors des Web Developeurs capables de prendre à bras le corps des pans entiers du projet, et de travailler en totale autonomie dans un contexte Agile. Tout au long de notre collaboration, Sébastien a démontré son ouverture d'esprit, sa créativité, son professionnalisme, et sa rigueur. Sébastien sait associer son penchant naturel pour la pointe de l'art, au pragmatisme que nous impose parfois la réalité du business.*

*Je recommande donc Sébastien sans réserve."*

**Johann Evrard** – Directeur E-Commerce et Digital, Rue du Commerce

*"J'ai travaillé avec Sébastien lorsque j'étais chef de projet fonctionnel chez Rue-DuCommerce. Sébastien est efficace, minutieux et passionné. Il fait preuve de créativité et de pragmatisme, trouve des solutions rapides aux problèmes complexes et ne perd jamais de vue la vision business.*

*Je recommande Sébastien les yeux fermés."*
